Employment Opportunities with Alien Vacation Mini Golf

Alien Vacation Mini Golf, an award-winning, 19-hole indoor, mini golf, is seeking applicants to join their team at 260 South Court Street in the following capacities:

- **Alien Vacation Mini Golf- Mar's Bar:** Seeking wonderful personalities to engage with and talk to customers about how the mini golf was built, the dream of Castle Noel and the wonder of it all. Bar service is bottled and canned beverages, slushies, quick snacks. This job is all about personality. 21 and up.
- **Alien Vacation Mini Golf- Front Desk:** Must have an outgoing personality to engage groups of people; follow direction and be able to count back change from a cash transaction. It's not about how old you are, it's about your personality. 16 and up.

Apply in person at Alien Vacation Mini Golf, Wednesday - Sunday.

Employment Opportunities with Fire-Dex

Did you know you can make a positive impact on firefighter health and safety from right here in Medina? Fire-Dex, the fastest-growing manufacturer of PPE for first responders, is looking to add 1st Shift Production Associates to their team at 780 S. Progress Drive. As a key member of their production team, you will be trained to operate industrial sewing machines while standing, working collaboratively to ensure both speed and precision. Your role will involve stitching together components of fire protection with care and accuracy, helping to deliver safe, effective gear to those who protect our communities. You do not need to know how to sew to join their production team. If you are hard working with a positive attitude, have good hand and eye coordination, the ability to multi-task, and are detail oriented, Fire-Dex can train you to operate their industrial sewing equipment and produce PPE! Employment Opportunity with Corrpro

Corrpro, a corrosion engineering, cathodic protection, and corrosion monitoring business for the protection and preservation of infrastructure, is seeking candidates with basic electrical experience for an entry level Field Installation Technician to join their team at 880 Lafayette Road. Please note: they are NOT looking for a certified journeyman electrician.

Responsibilities include but are not limited to:

- Works as a part of a 2- or 3-person crew installing and servicing cathodic protection systems onto water storage tanks. Cathodic Protection is a means of preventing corrosion utilizing a low voltage DC current. Works on above ground steel water storage tanks and towers, up to the height of 200'+
- Will install conduit (pulling wires, splicing wires), junction boxes, read basic drawings, and provide general service maintenance work
- Understand and follow company's safety policies and procedures
- Travel Monday through Friday to complete projects primarily located in Ohio and surrounding states
- Document activities on Daily Field Reports (handwritten)
